Just a few weeks ago the best known Peony man in the United States walked into our office and gave us an order for Peonies, and it is a satisfaction to know that several of the largest Iris growers have favored us with orders this season, but the greatest pleasure we have derived from our wholesale department, is the opportunity we have had to serve many small growers.

Our specials this week offer "Gold Mine" values for the small grower. Each group contains outstanding varieties, worthy a place in any collection. Check over the varieties in each group and you will readily understand why we term them "Nugget Collections".

In order to scatter these "nuggets" among as many growers as possible, we will not accept more than one order for any group from one person. You are welcome (if your order arrives in time) to one each of the eight groups, but we must emphasize ONLY ONE. We do not think a single group will last until the expiring date of Bulletin Number 5, September 25, 1926. "First Come, first served." An early order will pay good dividends in Peony values.

We are not "traders" in any sense, but by a few exchanges we have secured a nice planting stock of Iris, Dream, for future use. We are short on Gorgeous, Morning Splendor and Gold Imperial. We will be glad to consider an exchange of any varieties which we can spare from either our wholesale or retail lists, for stock of the varieties mentioned. but do not forward us a shipment before we approve the exchange.

WATCH FOR NEXT WEEK'S BULLETIN. We must build our business on efficient service to the trade. We promise prompt deliveries, and good healthy stock. Give our Wholesale Department a trial.
